

00 FOR LEADERS

The following nine online sessions are intended to help you engage with corporate prayer in a fresh way and transform your local corporate prayer culture

RUNNING THE COURSE

The course has been designed so that anyone, anywhere can implement it.

It follows along with [The Prayers of Many book](#) which explores nine themes of corporate prayer in short, digestible chapters. Gather a group together and provide everyone with a copy of the book. All the teaching material is provided: teaching videos to introduce each session's theme and handouts that guide your discussion and a time of prayer. There is also bonus content including prayer tip videos and ideas for how to explore a theme in more detail.

What's more - because it's all online, you can run a course either in person or over the internet.

OUTLINE OF EACH SESSION

In each session, you will explore a theme of corporate prayer in four sections using the handout and videos provided. A few sessions require additional preparation - see 'Prepare Ahead', below.

- ▶ **1. Read a chapter of The Prayers of Many book** before you meet together, or at the beginning of the session.
- ▶ **2. Watch a short teaching video** in which the book's author, Mike Betts, gives an overview of the chapter for that session.
- ▶ **3. Discuss and reflect together** using verses and questions provided in the handout. *There is also extra content provided for those wanting to explore a theme in more detail.*
- ▶ **4. Pray together** using the creative ideas suggested to help you practically engage with the session's topic in a time of prayer together. *Over the nine sessions you will be equipped with many fresh ideas for prayer that you can apply in future prayer settings!*
